Subject: Mt. Vernon DEA Audit

Great news that the DEA just completed their on site review of Mt. Vernon and came away without any issues or citing of the operation. Per your call, the review and recap went well for the procedures, inventory and operation surrounding control drugs handled through our DC. Nice work Mt. Vernon team!

Dwayne - the on site agents did request that we stop sending them the Suspicious Control Drug disc and information. They stated that we could keep it if we wanted it, but to stop sending it to them.
